POLITECNICA  
DELLE MARCHE

**TZW**  
Technologiezentrum  
Wasser

**IWA** RESOURCE RECOVERY  
FROM WATER  
the International  
water association **CLUSTER**

*Online seminar*

***“Synergies between zero-pollution and resource recovery targets in urban water cycle”***

*28 May 2021*

**Moderators:** Josef Klinger; Francesco Fatone (VLT “Value in Water” Water Europe; International Water Association (IWA) Resource Recovery Cluster)

**Speakers:** WOW! Project; Water Europe ambassador(s) cluster representatives; IWA Resource Recovery Cluster Representatives; Aquaminerals

h. 9.50 Welcome

**PART I**

h 10.00 Resource recovery and safe reuse

TZW Technologiezentrum Wasser (15’)

h 10.15 WOW! Project – Legal barriers for resources from sewage - the way forward

Coos Wessels - WOW! project (15’)

h 10.30 End-of-waste criteria for recovered resources: a preliminary proposal for waste-based PHA from H2020 RES-URBIS

Mauro Majone – University of Rome “La Sapienza” / David Bolzonella – University of Verona

h 10:45 Achieved markets for resource recovery solutions

Olaf van der Kolk - Aquaminerals (15’)

h 11.00 Q&A and discussion

**PART II**

H 11.10 “Resource Recovery from Water: Principles and Application” – IWA book

Ilje Pikaar - IWA Resource Recovery Cluster (15’)

h 11.25 Call for consultation on the White Paper “Water Europe – Value in Water”

Julia Rinck - Water Europe (15’)

h 11.40 Q&A and discussion
