

Towards zero pollution in the agrofood and bioenergy fields

05 May 2021 | Romania

EU GREEN WEEK 2021 PARTNER EVENT

- 13:30 Welcome and introduction to the virtual study-visit**
Faculty of Agrifood and Environmental Economics – ASE
Simona Roxana Pătărlăgeanu, Vice-Dean
A.C.U.M. – Circular Agriculture in my University
Marius Constantin, Ph.D. Student
- 13:50 Virtual study-visit to the Business Incubator and Cluster House**
Lajos Vajda, Director of the Incubator and President of Green Energy Cluster
- 14:05 Bioeconomy in rural areas, BE-RURAL project**
Developing Rural Bioeconomies by focusing on Regional Strengths
Institute for Economic Forecasting (IPE)
Carmen Păuna PhD
- 14:30 Strategies for Regional INnovative Food Clusters, STRING project**
Agrofood Regional Cluster
Maria Gaspar, cluster manager
- 14:50 Connecting and empowering LOcal authorities with Research capacities to unlock the full potential of CIRCular economy - Color Circle project**
Centru Regional Development Agency (*tbc*)
Gabriela Țărău, programs expert
- 15:15 SPIRE project – biomass upcycling (mentoring programme)**
Green Energy Cluster:
Enikő Mátyus PhD student, management consultant Green Energy Cluster
- 15:40 Biomass utilization for bioenergy, biomass heating systems**
Bartha Sandor, owner Biosistem, vice-president Green Energy Cluster
Sebestyen Tihamer PhD, researcher Green Energy Cluster
- 16:10 AgroBioHeat project**
Green Energy Cluster
Boglarka Vajda, Responsible for International Relations
- 16:30 Q&A**
17:20 Conclusions
